PROFESSIONAL SUMMARY

With 12+ years at the heart of Egyptian and Arab media, I've shaped the sound of TV channels, cinematic productions, radio stations, and live events. My work spans landmark Ramadan series, award-winning films, and internationally broadcast news — always in pursuit of audio that moves audiences. Currently serving as Sound Engineer at **Asharq News Bloomberg**, one of the most prestigious financial news channels in the Arab world.

WORK EXPERIENCE

Sound Engineer

CURRENT

2021 – Present

Asharq News Bloomberg · TV Channel

Sound Engineer at one of the most prestigious financial news channels in the Arab world — a joint venture with Bloomberg Media, broadcasting 24/7 live economic news.

Program Director

2018

Alroya Voice · Radio Channel (Oman)

Directed and managed radio programs, overseeing all audio production workflows.

Program Director

2018

ON SPORT FM · Radio Channel

Led program direction, managing audio production for sports broadcasting.

Sound Engineer

2017

ON LIVE · TV Channel

Sound engineering for live television broadcasts.

Sound Engineer

2013

Assalamu Alayka · TV Channel

Started my television career. Gained foundational experience in live broadcasting and studio production.

EDUCATION

B.Sc. Sound Engineering

2007 – 2012

High Institute of Cinema — Department of Sound Engineering
